

# Christ In Us

## MONTH

February 2021

## GRADE

High School

## OVERVIEW

For this month, we are focusing on the topics of “How do we know God Loves Us, How do we respond to God’s love, and How does God teach us to Love”. We are entering into a new unit in our text on Christian Morality; therefore, the reading will be new rather than reviewed material. For our lesson this month, I want you to be more cognizant while reading the text and be thoughtful as you read. Try to apply the concepts to your own life and what it means to you specifically, as we are beginning more of a reflecting-nature of topics for you.

For this month, please follow the below plan:

READ	DO	KNOW (FAITH WORDS)
<p>REVIEW CHAPTERS 23, 24, &amp; 25 FROM THE TEXT</p>	<p>Engage in the family discussions regarding the questions at the end of all 3 chapters as they relate to the topics from younger siblings in the program. If any of the questions become uncomfortable for either you and/or your parents/guardian with younger siblings, please feel free to scale back and continue your conversation separately with them outside of the “family lesson time”.</p>	<p>Free Will            Conscious            10 Commandments            Sin (mortal vs. venial)            Sin of Commission vs. Sin of Omission            Society            Social Justice            Social Doctrine            Common Good            Human Dignity/Human Solidarity            Social Encyclical            Natural Law            Old Law/New law            Church Law (Precepts of the Church)</p>
